O R D E R

Under the Kerala Educations Act and the rules passed there under the provision of accommodation (Buildings for schools) is an obligation on the part of the managements. There is no reason why Government should incur expenditure by way of supply of timber at concessional rates to the m management for construction of school buildings too in addition to the heavy drain on the Government exchequer from payment of salary to private school teachers maintenance grants, etc. The Director of Public Instruction has in his letter read above reported that such timber grants are liable to be abused also.

In the circumstances Government order timber will not be supplied at concessional rates at the cost of Government for the construction of school buildings by private managements.
