

Copy of letter No.VE3-6802/75 dt.6-11-1976 from the Addl. Chief Conservator of Forests,
Trivandrum to the Divl. Forest Officer, Nilambur.

Sub:- Estimate for collection of thinned materials obtained from 1948 teak plantation old
Amarambalam in Nilambur Range.

Ref:- D.S.O.113/76-77 for Rs.13,000/-

It is seen that the sketch showing the dumping sites where the thinned materials from the
above plantation are proposed to be stacked is not drawn to scale and it does not, therefore, serve
any purpose. In this connection, your attention is drawn to Chief Conservator of Forest's Circular
No.16/76 dt.22-2-76 wherein clear directions have been given to submit a sketch showing the
relative position of the stacking site/sites with that of the plantation appended to the estimates.
Unless the sketch drawn to scale it does not serve any purpose. You are requested to follow the
instructions contained in the above circular scrupulously in future.

Yours faithfully,

Sd/-

for Addl. Chief Conservator of

Forests.

Copy to all Conservators of Forests and Divl. Forest Officers (Territorial and Special Divisions)
for information and strict guidance. Sketches showing the location of stacking sites should be
drawn to scale with side references.

Endt. on CH-23373/76/K.Dis dt.12-11-1976

Copy to all Contract sections.

Copy to Senior Superintendent and Administrative Assistant

Copy to Stock file.

for Conservator of Forests,

Trichur.
