

Copy of Chief Conservator's Memorandum No.C2-39477/64 dated 6/10-11-1965 to the Conservator of Forests, Chalakudy, etc.

=====

Sub:- Disposal of tree growth from Anayirankal Reservoir area —

Ref:- No.ML-951/58 dated 13/18-8-1965 and 27/28-10-1965.

In the case of standing growth viz. coupes, the procedure followed is to take each coupe as a unit and calculate the loss or deficit value.

The actual value due from the Board is the seigniorage value and S.T. at 3%. As the sale value is less than the seigniorage value and since sale tax on the sale value alone is recoverable the Board should make good to the Forest Department the difference. Hence the recovery of balance amount including G.T. is necessary.
