Ref:- 1. Govt Memo No. 53913/ F1/62/Agri. Dated 18-10-1962.
2. G.O. MS. 646 dated 24-7-1962.

I beg to submit the following for sympathetic consideration.

1. 12 acres of land have been sanctioned to me and five others and Government have
also been pleased to issue their orders for the sale of the tree growth standing on the
land. We are indded grateful to Government for the above orders.

2. But I beg to point out that the gesture of sympathy and benevolence shown to us
in the above orders cannot be availed of for the following.

3. I may at the outset be permitted to submit that ours is a case about which we had been knocking at the doors of the authorities for several years past and Government also appraising the position, wanted to set this matter at rest finally and issued their final orders, granting the assignment of two acres of land each to us from the Illicherimala Reserve which was being transferred to the Revenue Dept. But on local enquiries with the Forest authorities, I understand that all land sanctioned to be transferred in the Reserve have been given for rubber plantation and hence specific orders are required for granting us the allotted land. Land to the extent required for assignment to us is available in a small piece of land still remaining in the same Reserve adjoining the plantation and private lands.

I therefore pray that Government may be pleased to issue modified orders to grant us the land in the Illicherimala Reserve from the land now available with the Forest department and also to sell the tree growth thereon on the lines of the orders already issued.
