

GOVERNMENT OF KERALA
ABSTRACT

Forests – Preservation of Forests – Eviction of encroachments in Reserve Forests – Churli, Keerithode, Kanjikuthi and Pazhayarikandam areas – Taking possession of the area - Orders issued.

Agriculture (Forest Establishment) Department

G.O.Rt. 768/64/Agri.

Trivandrum, Dated, 11-3-1964.

Read:- 1. G.O.Rt.490/64/Agri. dated 20—2—1964.
2. G.O.Rt.697/64/Agri. dated 6—3—1964.

ORDER

Now that evictions in Pazhayarikandam, Churuli and Kanjikuzhi have been completed, Government have decided that the forest Department should immediately take over the areas and start the planting works. The staff sanctioned for this in the G.O. read as second paper above should be sent immediately to the area with instructions to take over the lands and start work. Though the areas in question fall within two Perfect Divisions, for the sake of convenience and to avoid probable difficulties from dual control, these areas as well as the work of planting up the areas should be entrusted to the responsibility of one Officer (Divisional Forest Officer). This officer and the special temporary staff referred to above should be in charge of the area and continue there without disturbance at least for the next one year. They will be personally responsible for protection of the areas and guarding them against any further encroachments. The Chief Conservator of Forests is directed to take steps to implement the orders urgently.
