

No. C1-52270/78

Office of the Chief Conservator of Forests,
Trivandrum, dt. 14/2/1979.

C I R C U L A R No.17/79

Sub: Departmental extraction of timber – engaging Tribals who have given training in Forestry operations- instructions issued

It is seen that 45 candidate belonging to tribal community were given training in forestry operations such as falling and logging of trees for a period of three months during 1975-76 in Nilambur, Nenmara divisions and another 15 candidates were given similar training in Attapady division during 76-77 and again 15 candidates were given training in Trivandrum division during 1977-78.

Extraction of timber etc. is now being undertaken in certain divisions departmentally. Training were given to the above persons on the understanding that the logging works so trained by the Department will be given preference over others when timber operations are carried out departmentally. Most of the above trained persons are still idling without any proper job. Hence it is hereby directed that when departmental extraction of timber is undertaken the tribal who were trained in Forestry operation may be given employment. The details of the above process may be had from the Inspectors concerned of Tribal welfare before Dept.
