Read:- Letter No. FU (1)27583/72 dt.3.9.1972 from the CCF

ORDER

The Chief Conservator of Forests in his letter cited has reported that it was proposed to raise plantation with alternate species instead of Eucalyptus. Accordingly one Hectare in Perumbavoor Industrial Plantation division was taken to raise plantation with Trema Orientale. Seeds of this species required to raise the plantation were collected. The Conservator of Forests, Industrial plantation Division has stated that 35 Mazdoors were engaged for collecting 5 Kg. of seeds of the above species. The wage rate of non Mazdoor allowable in Perumbavoor Division is D.4.25. and the actual cost of collection comes to Rs.29.75 per Kg. and he has recommended to sanction this rate. He has further reported that this is a rare species and there is no schedule rate fixed by Government that the collection charger of this species at the rate of Rs.29.75 per Kg. may be sanctioned as the rate is reasonable.

Governments accept the recommendation of the Chief Conservator of Forests and they order accordingly.
