### **ORDER**

In the G.O. read above the various Heads of departments were directed to clear off the outstanding due to the Forest Department by accepting pending invoices. It was also ordered in the above G.O. that the removal by timber would not be allowed before acceptance of the invoices issued by the Forest Department.

The General Manager, Travancore Plywood Industries, Punalur has now requests Government that the above orders may be modified suitably as far as the Travancore Plywood Industries is concerned since any delay in the acceptance of invoices and consequent delay in relating the loss is likely to cause deterioration of loss.

In the circumstances Government direct that in the case of software loss the practice hitherto followed may be continued as they are costly perishable. However, in regard to firewood supplied to the firm prior payment may be insisted as in the case of other minister departments.
