ORDER

According to the G.O. read as first paper, the Public Service Commission will conduct one test every year for recruitment of At tenders from among qualified Last Grade Employees. Later the above order was modified and it was ordered in the G.O. read as second paper that a fresh test be conducted by the Commission only after the current list, if any, in respect of department prepared on the basis of a test already conducted, was exhausted.

2. The Public Service Commission in this Katter read as third paper states that the absence of test in subsequent years denies scope for the failed senior employees to become eligible for promotion till and those juniors who had passed the test get absorbed ad the subsequent recruits, if any, with better educational qualification did not get a chance to pass the test and to become eligible for promotion. The Commission, therefore, advised that tests be conducted every year to enable these who have not already passed the test to get qualified for promotion. Further the rule that the Candidates from the Last Grade Service in each department candidates from the Last Grade Service in each department will be appointed as At tenders from among those who stand qualified at the time the vacancies arise, in the order of their seniority in the last grade service will continue to govern the promotion.

The Government accept the advice of the Commission and order accordingly.
