ORDER

In G.O read as first paper above the seignior age value for rubble and metal etc. for civil works in the Forest Department was fixed as Rs.3/- per M3. Till the revision of seignior age value, the rates of materials fixed by the public works Department were inclusive of seignior age charge and no seignior age charges were fixed separately.

Since the Forest Department is bound to follow the public works Department Schedule of Rates strictly in all respects in preparing estimates for civil works and since the public Works Department has now fixed seignior age charged separately, the Chief Conservator of Forest has requested orders of Government as to whether the seigniorage value fixed by Government in the G.O read as 1st paper above is to be allowed hereafter.

The chief Engineer(General,Buildings and Raods)in his letter read as thired paper above has reporter that the sengioregt charges for building stones,rubble and metal etc.,have been fixed as Rs.0.90/M3 adopting the rate prescribed in the Kerala Minor Mineral concession Rules with effect from 1.4.1970.

In the cirucumstances Governemr order that in modification of the G.O read as first paper above the seignierge value fixed by the public Works Department for rubble, metal building stones, road metal etc, will be adopted hereafter in the civil workers the Forests.
