

Government of India

Regional Officer (Cashewnut Development)

Ministry of Food, Agriculture, Community Development and Co-operation (Dept. of Agri)
Cherootty Road, Calicut.1

No. 11(15) /66

Dated the 23rd October 1967

To

The Conservator of Forests, Kozhikode

Sub:- Cashewnut Development scheme –package programme –selection of areas –regarding.

Sir,

I write to say that it is understood that a total area of 1437 acres of Cashew plantations of over 10 years old are available in the forest areas of Muliyar (277 acres) and Karadaka (1160 acres) in the Wayanad Forest Division. It is proposed to select some plantations from the above division for the Package Programme sanctioned by the Government of India. Before selecting the area I would like to inspect the areas to assess the suitability of the plantations to be very thankful if you can kindly make necessary arrangements for the visit and also to fix a convenient date sometime during the first week of November, after selecting the best ones from among the existing plantations.

Yours faithfully,

Sd/-
