

Copy of Letter No.C3-25915/73 dated 28-12-73 from the Chief Conservator of Forests, Trivandrum to all sub officers.

Sub:- Taking up work not provided in the plan of operation - Instruction – regarding

It has come to my notice that some of the officers of this Department are taking up works which are not provided in the plan of operations. When Government is approached for ratification there is adverse criticism. Due to the present financial stringency Government also find it difficult to accord sanction in such cases.

Therefore all officers are requested not to take up such works which are not provided in the plan of operation without prior sanction. The receipt of this letter may please be acknowledged.

Yours faithfully,
