E6.25756/78.

Office of the Chief Conservator of Forests,
Trivandrum, Dt: 21.12.1978.

CIRCULAR NO. 51/78.

Sub:- Establishment - Training course - subordinates - deputed for training - regarding.

It is observed that, Range Officers when selected for undergoing various training courses which are found essential to improve the efficiency of the Department are rather reluctant to go for the training and put forth flimsy grounds to evade attending the training. They are under a false notion that their willingness should have been ascertained before they are deputed for training.

Government have examined this aspect and ordered that any training is part of the service requirements and therefore willingness of the officer is not necessary for sending him for training.

The subordinate Officers are requested to bear in mind the above orders of the Government.
