

Copy of Chief Conservator's letter C3-5697/59 dated 14/20.3.62 to the secretary to Government, Agriculture Department, Forest A

***Sub: Forest Department- Works Departmental execution of works- Delegation of Powers- clarified orders issued***

***Read: G.O M.S. 292/62/Agri. Dated 3.3.1962***

In G.O.M.S 292/62/Agri. Dated 3.3.1962, it is stated in the letter part of para 2 that in respect of "Regeneration works" where item factor counts most departmental execution may be resorted to if there is no response at open auction or tender after giving due publicity or the tendered amount is in excess of the estimated amount. Here I presume that what is meant by "regeneration works" is only the works preliminary to the regeneration works in the light of this office even No. Dated 3.1.1962 as the Chief Conservator of Forests has full powers in the matter of silvicultural works as pointed out in Government Memorandum No. 66417/FBI/61/Agri dated 6.12.1961. Orders solicited from this office were with regard to only the preliminary works before silvicultural works as has already been explained in this office reference quoted above.

I therefore request Government to inform me whether the regeneration works appearing in the latter part of para 2 of the G.O refer to only the preliminary works.

Early orders are solicited.

Sd/-

Chief Conservator of Forests.

Copy with copy of G.O.M.S. 292/62/Agri dated 3.3.1962 forwarded to all sub-offices for informaiton and attention.

Copy to Sections and section superintendents in Head Office.

By order,

**Superintendent.**
