ORDER

In clause (ii) of the G.O read above it was ordered that the Travancore Plywood Industries should accept all species worked and entrusted to them including rejections. The General Manager, Travancore Plywood Industries, has now requested that the above clauses in the G.O may be suitably modified to include provision regarding working down of rejection.

The chief conservator of forests has suggested that the firm should work down to the nearest depot all such logs within a fortnight from the date of felling, on that they can be measured over to other softwood consuming concerns, or sanctioned openly. For each of the logs that fetch seniorage plus working charges., the working charges will be paid to the contractor engaged by the factory and for those logs sold for rates below seigniorage rate plus working charged, the difference from the sale proceeds and the seigniorage will be paid to the contractor.

Government have examined the matter and are planned to accept the above suggestion of the Chief conservator of forests. The G.O read above stands modified to this extent.
