

Copy of Letter No.P1-39868/72(K.Dis) dated 31-3-73 from the Chief Conservator of Forests, Trivandrum to the Conservator of Forests.

Sub:- Raising 80 ha of pine Plantations at Chundal during 1972-73 estimate sanction of

Ref:- NO.PC-8673/72 dated 18-8-1972

I invite your attention to the letter cited. I request you to locate field nurseries in different places in the plantation site with a view to reduce the lead of transport of seedlings to the bearest minimum. The practice of maintaining field nurseries in the plantation site is reported to avoid unnecessary expenditure on the transport of seedlings over long distance. Most of our plantation sites are quite suitable for raising temporary nurseries, since availability of water in most of the planting site will be quite east. In the instant east it seems the nursery is located in far of place which has necessitated the claim for transport of 1500 metres by head load.

Since it is reported that there was no possibility of taking the nursery nearere to the plantation, the rate is approved.

Yours faithfully,

Sd/- for Chief Conservator of Forests

Endt. on PC-8673/72 dt. 10-04-73.

Copy to Divisional Forest Officer, Munnar for information.
