Notes:—The following formulae will be adopted for correction of loss of weight after felling the case of bamboos and reeds:

- (a) Weight recorded on or before the 30th day of felling will be treated as such.
 - (b) Weight recorded after 30 (Thirty) days of felling but on or before 75 (Seventy-five) days of felling will be multiplied by 10/6.
 - (c) Weight recorded after 75 (Seventy-five) days from the date of felling will be doubled.
 - (d) In case of flowered bamboos and reeds drying is a natural process, even if not felled. Felling is permitted only after seed fall by which time they would have duly dried. Therefore, the weight recorded for such bamboos and reeds, shall be doubled.
2. For the purpose of this notification in the case of Eucalyptus 2 cu. m. without bark shall be considered 2.44 cum. with bark.
 3. The price of firewood in relation to all species will be with bark per tonne, and the price will be double the seniorage rate for the firewood unless otherwise specified.
 4. The price shall apply to sound timber only. The rejected timber and the 'Lops and Tops' will be sold by auction only.

By order of the Governor,
JOHN MATHAI,
Secretary to Government.
