

P3 – 8118/ 76

Office of the Chief Conservator of
Forests, Trivandrum, dt.5..3.76

C I R C U L A R No. 19/ 76.

Sub: - Protection and maintenance of rare plants - Regarding.
Ref: - Letter No. WO. 4229/75 dt.3.2.76 from the Conservator- of
Forests, Working Plan and Research.

=====

There are a few rare species of plants which are reported to be on the verge of extinction. The Conservator of Forests, Working Plan and Research has suggested that some restriction on the collection of plants may be imposed in order to protect these rare species.

It is essential to protect the rare species from total extinction. It is therefore ordered that commercially oriented collectors and botanists as well should not be permitted to collect less known species from the forests.
