O R D E R

With a view to codifying the rules issued in the orders read above, Government are pleased to issued the following notification:

NOTIFICATION

In exercise of the powers conferred by the proviso to Article 309 of the Constitution of India, the Government of Kerala hereby makes the following amendments to the Kerala Service Rules, namely:--

AMENDMENTS

C.S.NO.153/68.

In Part I of the said Rules:-

1. After rule 110, the following heading and rule shall be inserted, namely”-  
“Section XI A, Leave to Radiation Workers 110A, Rules for the grant of leave to Radiation Workers in the State Medical Service are given in Appendix XII”.
2. After Appendix XI, the following shall be added as Appendix XII, namely:-

“APPENDIX XII

(Referred to in rule 110A, Part I)

Rules for the grant of leave to Radiation Workers in the State Medical Service.

1. For the purpose of these rules:

- (i) "Radiation Worker" means a worker liable to exposure to ionizing radiation in the course of his official work which shall include a person working inside the X-ray and Radium Departments like Radiologist, Radiographer, Technician and Nursing staff of Radiology Department but does not include Stretcher bearers, Attenders etc. of the Radiology Department who are not exposed to radiation while a patient is being X-rayed or treated.
- (ii) "A year " means a year of duty.

2. Every Radiation Worker shall take 30 day's leave in one spell every year to recoup his health even when it is apparently good. Out of this 30 days leave, the first 15 days shall be sanctioned as earned leave, provided he has not less than 15 days earned leave to his credit, and the balance of 15 days shall be sanctioned as special casual leave. If he takes leave for more than 30 days, the excess over 30 days shall be debited to his earned leave account over and above the first 13 days debited in the earned leave account.

Note:- An employee normally earns not less than 15 days of earned leave in respect of the first year of service and 30 days of earned leave in respect of each subsequent year. If during any year of duty he takes regular leave for 30 days or more otherwise than on compulsory grounds for personal reasons or on account of ill health, then the question of granting compulsory leave under this rule during the same year does not arise. But if the leave so taken includes earned leave for not less than 15 days at a stretch then the concession of granting special casual leave of 15 days under this rule will be admissible.

3. These rules shall apply to all Radiation Workers (Permanent, temporary employees) in the State Medical Service but not to purely provisional hands".

The above amendments shall be deemed to have come into force with effect from 29-3-1963.
