Read: - Letter No. C2. 3103/77 dated 26-1/5-2-1977 from the Chief Conservator of Forests.

**ORDER**

400 hectares of suitable degraded forests in Wadakkancherry Range is to be clear-felled and handed over to the Kerala Forests Development Corporation so as to enable the Corporation to achieve the annual target fixed for raising plantation. The Chief Conservator of forests has suggested departmental execution of the work due to lack of time and lack of supply contractors in the area. He has further suggested that the timber and firewood may be stacked at appropriate dumping depots at site and sold at site. In the circumstances Government are pleased to sanction departmental extraction of timber and firewood from the above area subject to the rules and formalities relating to the departmental execution of such work. Quality teak timber if feasible will be transported to the nearest Government depot and the rest of the materials will be sold at site. In case, transport of better quality teak timber to depot is not possible due to want of contractors the same will also be sold at sit.
