

Government Memorandum No. Sd5-4443/60/1 dated 30-1-1960 from the Secretary,  
Public (Services D) department to the Heads of departments.

---

Sub:- Public Service-direct recruitment- Proposals.

It is observed that very often action for filling up vacancies in State and Subordinate Services is initiated only after the actual occurrence of vacancies with the result that either the vacancies have to be kept unfilled for long periods or processional appointments have to be resorted to. The Government direct that in future, in cases where the Government are the appointing authority and vacancies can be anticipated in advance, proposals for filling them should be submitted to Government at least six months before the occurrence of the vacancies so that if Government decide to fill them by direct recruitment, the Public service Commission can be addressed and the selection made in proper time.
