Explanatory Note

(This does not form part of the notification, but is intended to indicate its general purport.)

There is probability of felling all the available trees on restoration of the area involved in O. A. 445/76 (9/90), O. A. 446/76 (10/90) which will adversely affect soil conservation and moisture retention in the area. Therefore it has been decided to bring the area under purview of section 5 of the Kerala Preservation of Trees Act, 1986 (Act 35/86) for the purpose of preserving trees and tree growth.

This notification is intended to achieve the above object.
