

Copy of Chief Conservator's Circular No.B5.9902/75 (Circular No.36/75) dated 3-8-1975.

-----

**Circular No.36/75**

Sub:- Irregularities in the auction sale of teak poles – Change of place of auction – deviation of sale notifications.

-----

An instance has come to the notice of the undersigned where a Divisional Forest Officer has conducted the auction sale of teak poles at a place other than what was originally notified. This is a deviation from the sale notice condition. The action of the Divl. Forest Officer in having conducted the sale without giving the necessary publicity for the change of place of auction is highly irregular.

All the officers of this department are therefore hereby ordered that the rules covering auction sales as well as sale notification conditions should be strictly observed. Any violation of the approved code of procedure will vitiate the auction/tender itself. Lapses if any noticed in future will be viewed seriously.

Sd/-

Chief Conservator of Forests.

To

All Conservators of Forests, Divl. Forest Officers of the Department.
