

Copy of letter No.B2.3530/74 (L.Dis.) Dt.22-2-74 from the Chief Conservator of Forests to the Conservators of Forests & Divl. Forest Officers.

Sub:- Forests – Seizure of Thondy – Materials by the Checking Station Staff –
Handing over to territorial Officers – Action – Requested.

Ref:-

The administrative control of the Forest Checking Stations of the Forest Department has been entrusted to the Evaluation Wing as per this Office No.E1.32035/73/dt.18-12-'73. It has come to my notice that the territorial Officers are reluctant too receive the seizures etc., on one ground or another, when they are handed over to them by the Flying Squad. It will be detrimental to the work of the Flying Squad if the territorial staff show such lapses. I, therefore, request you to instruct all the territorial Rangers and local protective staff to accept all thondy materials including perishable articles from checking station Guards and other Flying Squad staff write up mahazars thereon and report to their superior officers immediately for orders if any required for further action.

Yours faithfully,

Sd/-
for Chief Conservator of Forests.
