**ORDER**

The rates for collection of serious kinds of seeds are provided in schedule items 243 of the schedule of Rates for Forest works sanctioned in the Government order read as first paper. As a foot note under item No.43 it is shown that "For considerable large supplies and in poor seeds years rates may be increased up to 50% of all the seeds".

2. The Chief Conservator of Forests has reported that there is some confusion in the wording of the note leading to two interpretations. To avoid ambiguity in the schedule of rate the Chief Conservator of Forests has proposed an amendment to the foot note under item 43 in Chapter IV of schedule of rates sanctioned in the Government order first cited as "For considerably large supplies or collection in poor seed years rates may be increased up to for all seeds".

3. Government are pleased to accept the proposal of the Chief Conservator of Forests. The order contained in the Government Order read as first paper are modified to this extent.
