

P3-12324/75

Office of the Chief Conservator of Forests,
Trivandrum 31.5.1975

CIRCULAR NO.17/75

Sub:- Minimum Wages for Forest works – Minimum rates for Forest Nursery and Plantation workers – lead allowed for transport of seedlings in Polythene bags.

Ref:- This office No.43/74 dt.16.10.1974

The following modification to Para 3 of the circular cited under item No.III(t) of the Government Notification No.7899/S1/73/LBR dt.1.4.1974 is issued for immediate attention and guidance.

Sri. N. R. Nair has since pointed out that the lead noted in the Government Notification and in the Minimum committee report Rs.500 metres is a mistake and the correct lead is 50 meters and that 20% increase in rates will be given for every extra lead of 50 metres.

In the circumstances stated above, the lead as 500 metres occurring in Para 3 of the Circular cited as well as against item No.III(t) at page 6 in Government Notification No.7899/E1/73/LBR dt.1.4.1974 and at page 141 of the Minimum wages report may be corrected and read as 50 metres.
