

No.CH-5691/86

Office of
Chief Conservator of Forests
Central Circle, Trichur
Pin code No. 690020
dated 12-2-1987

CIRCULAR NO. 2/87

Sub:- Short levy of Sales Tax and Addl. Sales Tax as on timber –regarding

Terms due at the correct rates from time to time are not seen realized by the revenue collecting officers of this department. The short collection due to increase in rate of taxes are each realized after a long period and some arrear amount is even not realized. This issue has found a place in the Audit Para above. In the circumstances all the revenue realising officers are directed to realize taxes due at the correct rates from time to time after ascertaining the information from the Sale Tax Officer concerned and that any lapse in this direction will result in drastic disciplinary action. The Divisional Forest Officers should ensure that taxes are realized at the prescribed rate and they should be more careful in this regard. They should contact the Sale Tax Department to ascertain the current tax rate after each budget session of Assembly.
