ORDER

In the G.O. read above, sanction was accorded for departmental execution of the work of transport and stacking of Teak logs and Poles to the dumping ground subject to the condition that the Kerala State Electricity Board agree to pay in advance the amount of such expenditure on account of this work. The Chief Conservator of Forests, in consultation with the Chief Engineer, Kerala State Electricity Board has stated that it is impossible to collect in advance the cost of transport from the plantation to the dumping ground as it is difficult to assess the cost in advance. He has stated that the value of the poles plus transport charges will be realised before release of the selected poles and has requested that the G.O. may be modified to this extent. In the circumstances reported the recommendation of the Chief Conservator of Forests is accepted. The value of the selected poles plus transport charges thereon will be realised from the Board before release of the Poles. The G.O. read above stands modified to this extend.
