ORDER

In the auction sale coupe notice there is provision in the Agreement for granting extension of time by departmental officers. But in many cases departmental Officers are granting extension of more times than the period provided in the agreement by exercising more powers than delegated to them and the Chief Conservator of Forests is also liberally recommending such proposals to Government even after the issue of strict instructions from Government against such actions. This tendency to exercise more powers than what has been delegated to the departmental officers has to be curtailed.

2. In the circumstances Government order that the practice of giving extension of time by the departmental officers in anticipation of Government sanction as a matter of routine should be discontinued and the directions issued in Government letter read as II paper above should be adhered to strictly.
