

Copy of Memorandum No.L.Dis.2484/66 dated 8/2/66 from the Chief Conservator of Forests.

=====

Sub:- Survey and demarcation for laying out coupes for raising plantations under Five Year Plan Head of debit clarified orders issued.

Ref:- Report I.D.895/65 dated 21/1/66 from the Conservator of Forests, I.P.C.Trivandrum.

=====

In the reference cited, the Conservator of Forests, Industrial Plantation Circle has raised the doubt whether the expenditure on survey and demarcation for laying out coupes preliminary to disposal of treegrowth for raising plantations under the various plan schemes, is to be debited to the respective plan head or to the non-plan head. Revenue is realized by the disposal of the treegrowth and hence all expenses incurred in respect of such areas till the disposal of treegrowth thereon, should be debited to the non-plan head 70 (b) (2) and expenses incurred for works connected with the raising of plantations subsequent to the disposal of treegrowth, should be debited to the respective plan head. Since the survey and demarcation of coupes are works carried out as a preliminary to the disposal of treegrowth, the expenditure on this accounts should be debited to the non plan head 70 (b) (2) .
