

P3-22119/76

Office of the Chief Conservator of Forests,
Trivandrum, dt. 8-5-76.

Circular No.32/76

Sub:- Estimate for the cost of conversion, classification and transport of poles from 1962 plantation, Pariyaram Range during 1975-76.

Ref:- Letter No.VE3-776/76 dated 2-4-76 of the Conservator of Forests, Evaluation.

The Conservator of Forests, Evaluation in his letter read above has pointed out an instance of transport of poles from the teak plantation and stacking along the road side in the same plantation in which the maximum lead for transport of poles to the stacking points was only within one furlong though the rate in full was provided in the estimate for the lead upto 2 furlong as per the schedule item.

The above procedure does not seem to be correct. The expenditure on this item should be incurred only in proportion to the actual lead and not for full lead of 2 furlong.

Sd/- For Chief Conservator of Forests.

To

All Conservator of Forests/Divl. Forest Officers.
