

Copy of the letter C2-39895/64 dated 3-4-68 from the Chief Conservator of Forests to all sub officers.

Sub:- Schedule rate for forest works

I invite your attention to the item No.43(e) and 43(f) of schedule rate. 43(e) is for pappita seeds and 43(f) is for sterculia companulata. Since both are one and the same it is unnecessary to fix two rates for one item of work. Therefore it is ordered that 43(f) is deleted from the schedule and 43(e) is retained.
