

No.24186/71

Office of the Chief Conservator of Forests,
Central Circle, Trichur, dated 21.11.1972.

CIRCULAR 8/72

An instance has come to the notice of the undersigned that in a sale coupe there has been excess collection upto more than 400%. This clearly indicates that the enumeration of trees and estimation of the yield are done in a most carelessness is exercised either by the Range Officers or Divisional Forest Officers although they furnish a certificate to the effect of those inspection and checking. It is hereby ordered that the Range Officers and Divisional Forest Officers should perambulate the whole coupe area while they check the enumeration and checking of the enumerated trees should be done here and there and see that no area had been left out unremunerated or yield underestimated. Any failure to adhere to this instructions will be seriously dealt with.
