

PC.16564/65

Office of the Conservator of Forests,  
Chalaky.2.9.65.

**CIRCULAR**

Sub:- Estimate for weeding etc.

It has come to the notice of the Conservator of Forests that 10% allowance for slope is being provided in the estimates for the works of cutting grass etc. in places where the terrain is very steep on the ground that the surface area will be more than the horizontal projectimin sloping places. Though this is theoretically correct, 10% allowance is not considered essential. It must be possible to execute the above work even without the allowance. The Divl. Forest officer is therefore directed not to provide this allowance for such works in future. The receipt of this circular should be acknowledged.

For Conservator of Forests.

To

The Divl. Forest Officer Munnar.
