Office of the Chief Conservator of Forests,
Trivandrum, dt. 10/9/1977

C I R C U L A R - 49/77

Applications for the issue of Clearance Certificate for export of charcoal to foreign countries are received from various sources. To ensure proper check on the export of this Forest Produce outside Kerala, it is ordered that all application for obtaining clearance orders as required under the provision of the Kerala Forest Produce Transit Rules 175 should be referred to the Chief Conservator of Forests before the request is granted by the competent authority. This direction is issued to avoid large scale conversion of firewood into charcoal resulting in depletion of firewood in the market for domestic use.
