Copy of Memo No. TB6-69518/65 dated 28-3-1966 from Chief Engineer, Buildings and Roads, Trivandrum, to the Superintending Engineer, B&R., Calicut.

=====

Sub :- Correction of Detailed data 1965 (Metric System) farm work for R.C.C. Item –

Ref :- Superintending Engineer's letter No. D7- 229/66 dated 5-3-1965.

The Superintending Engineer is hereby informed that it is not possible to provide data for form work for all types of R.C.C. works in the schedule. Fewer than 132 (a) and 132 (b) extra 10% and 20% are allowed for sunshades, lintels beams etc. and columns respectively of buildings and similar structures. The item 132 (c) i.e. for overhead reservoirs may be deleted as this depends on the height shape- etc. For structures like over head reservoirs, bridges, shall roofs etc, and other complicated cases the Superintending engineer may assess the actual requirements based on detailed drawings and work out the data. The number of ties the materials for form work can be raised and the hire to be allowed is to be fixed with due care.
