

GOVERNMENT OF KERALA

Abstract

Forests – Annual Plan of Operations – Additions or alterations by Chief Conservator of Forests – orders issued –

Agriculture & Rural Development Department
(Agriculture Forest)

G.O.Rt.1655/66/Agri.

Dated 14-7-1966

Read:- Letter No.23-7955/65 dated 19-8-1965 from the Chief Conservator of Forests.

While forwarding the draft of the Kerala Forest Code, the Chief Conservator of Forests has suggested among other things, that at present deviations in the sanctioned plan of operations and inclusion of additional items not provided for in the sanctioned Plan of Operations require the sanction of Government even though the original sanction is accorded by the Chief Conservator of Forests himself. He has made provisions in the draft of the Code empowering the Chief Conservator of Forests to sanction deviations or inclusion of new items, provided that all these can be affected and works executed within the sanctioned appropriation by admissible forms of diversion.

2. Government have examined the matter. They consider in order to ensure a reasonable standard of financial control, powers to effects modifications in the Plan of Operations that has been finalized and budgeted for has to be limited to some extent. While there is no objection to the Chief Conservator of Forests being empowered to revise in any manner the plan of operations before it is provided for in the budget estimates for the year, Government held the view that once the plan of operations in budgeted for and has received financial sanction for it implementation powers need not be delegated to the Chief Conservator of Forests to effect alternations by way of additions/reductions and other modifications or deviations in excess of 15% over the outlay counter plated in that plan of operations and they order accordingly.
