No.5-2,94-P7
Government of India
Ministry of Environment & Projects

Annex No.5 Bikaner House,
Shahjahan Road, New Delhi-11
Dated the June 1994.

CIRCULAR

Sub:- Holding of Seminars, Conferences etc. in National Parks, Sanctuaries and Project Tiger areas:-

It has been brought to our notice that the National Parks Sanctuaries and Project tiger areas are increasingly being used for conferences, seminars and other meetings not related with wild life management. The infrastructure available in these areas has clearly not been set up to cater to such needs. Moreover, visits to national Parks and sanctuaries ought to be restricted to visitors with the objectives of nature, education and consequent enjoyment within the context of wild life conservation. Other activities, unrelated to these objectives only add to the crowd and create disturbance to wild life, as well as to the whole ecology.

I would, therefore, request you to kindly issue necessary directives to the concerned departments of your Government directing them to desist from holding meetings and conferences not related to wild life management in such protected areas which may be used only for eco-tourism and adequate sensitivity to the requirements of nature conservation.
