

GOVERNMENT OF KERALA

Abstract

Forests - Silvicultural work – Definition of timber work further orders issued.

Agriculture & Rural Development Department
(Agriculture Forest)

G.O.Ms.No.319/67/Agri

Dated 22.8.1967.

Read again: - G.O.Ms.No.698 Agri. dated 4.7.1953

Read also Letter No.63.3633/66 dated 19/11/1966 from
The Chief Conservator of Forests.

ORDER

Under item No.16 of the Annexure to the G. O. read above, Silvicultural works for departmental execution have soon defined as follows:

“ All Silvicultural works such as sowing, planting, weeding, marking, nursery, seed collection, collection of museum specimens, thinning in plantations, collect of poles, conversion of poles, survey and demarcation of boundary clearance, works connected with elephant capturing operations etc.”

2. The chief Conservator of Forests has reported the collection of poles and conversion of poles include the several items of works such as felling, cutting the branches and dressing etc. and the process will be complete only when the poles are dragged to the road side, and transported to dumping site and stacked properly and taken to stock, the poles felled will be lying scattered all over the plantation and it is never advisable to allow any outsider to enter the area. As such, the chief Conservator of Forests has requested approval of Government for the work of dragging and transporting the poles and stacking them on the near by dumping site or roadside, (which is now being carried out departmentally), as forming part of the work of collection of poles, conversion of poles etc. He has requested for this clarification since doubt was raised by some of the officers as to whether the work of dragging transporting and stacking poles can also be treated as part of collection and conversion poles.

3. The proposal of the Chief Conservator of Forests is accepted in the circumstances.

4. The following will be added to the existing definition under item 16 of the Annexure to the G.O. mentioned above.

“Collection of poles, and conversion of poles will include the work of dragging and transporting the poles and stacking them on the nearby dumping site or roadside”.

(By order of the Governor)
T.R.SUKUMARAN NAIR,
JOINT SECRETARY
