S I D R.

Instructions are not to be遵從ed from 1/7/68

In the letter send as third paper above the Chief Conservator of Forests has stated that the fees fixed by Government in G.O.P. 233/63/Agri. dated 7-3-63 for professional film shooting in the forest areas of the State are too low and require revision. Also the G.O. does not consider the case of foreigners who come for professional film shooting inside the forests and does not show any distinction between single professional cameramen with limited photographic equipments and cinema and feature film shooting studio parties with actors, elaborate equipments, a number of cameramen etc. The following revised rates of fees for film shooting in the reserved forests including wild life sanctuaries are therefore suggested by the Chief Conservator of Forests.

i. For single professional cameraman from India with limited photographic equipments (not more than two cameras) Rs.100 per day.

ii. For Cinema and feature film shooting studio parties with elaborate photographic equipments who are registered in India Rs.300 per day.

iii. For foreign single professional cameraman and parties Rs.150% of the rates under items i and ii.

2. Government have examined the question carefully and they are pleased to sanction the above rates of fees in partial modification of all previous orders in the matter.

3. The Civil Forest Officers will grant permission in such cases after reference to the concerned District Collectors.
